REGULAR JUDGE: When a participant makes a mistake, write the number of the mistake (#1-6) in the corresponding box for that call on the score sheet.

BONUS JUDGE: The bonus judge will watch for the first person to step out on each call and place a check mark in the appropriate box. If two or more step out first together, a bonus point should be given to each one. If a driller who steps out first makes a mistake on that call, no bonus point will be given to that driller. If in that case the judge knows for sure who stepped out second, a bonus point may be given to that driller.
